Lawrenceburg prohibitionists, not satisfied with their recent defeat in the local option election, are looking up the records on the city transfer by the last Legislature from the fifth to the fourth class. The claim is made that it was made illegally the town not having a sufficient population.

A movement is now on to move the county seat of Elliott county, where the Hargis trial is to be held next time, from Sandy Hook to Isonville, on the line of the New North and South Railway. Isonville is five miles from Sandy Hook and public sentiment is strongly in favor of the removal.

We can fill that Kargon Prescription for rheumatism.

M. F. WILLIAMS & Co., Druggists.

As a result of raids by night riders planters in the dark-tobacco districts of Kentucky and Tennessee are in a state of unrest and non-association growers are arming themselves to protect their crops. Plant beds have been ruined and tobacco taken from barns and destroyed.

Suits charging graft by three former Sheriffs of Owen county will be filed in Owenton at the instance of the present Fiscal Court. The suits will allege that more than \$53,000 has been collected as taxes by these Sheriffs and not turned in to the County Treasurer.

Among those who are employed there are Bertram M. Doyle of Lewis county at a salary of \$1,400, and Richard Low of Fleming, who gets \$1,000.

Our Anticipations WERE REALIZED!

Though quite early, but with the assistance of the weather man we enjoyed an exceedingly large and satisfactory Easter trade. With the class of merchandise we handle, why shouldn't we? Our only trouble is in getting the customers to decide, as invariably they exclaim, when looking at our Suits, of which the patterns are uncommon, tailoring of the finest description, every line artistic to a degree, "I don't know which I like best; they are all handsome."

New School Building!

Owing to the fact of the School Board's having bought the old Parkhouse (our warehouse) for the site for the new High School Building, we are obliged to move all our vehicles within the next 60 days; and we have figured that it would be better to sell them than to move, a storehouse in Maysville is pretty scarce just now, and besides it is very expensive to move four or five carloads of crated vehicles.

Therefore!

We are beginning today the most phenomenal sale of vehicles ever held in Maysville, and a word to the wise should be sufficient. "If you are contemplating the purchase of a rig of any kind, now is your opportunity."

Mike Brown

THE "SQUARE DEAL" MAN.

The City Assessor started on his annual assessment tour this morning. Mr. Daugherty will also take the census of the city, and you can bet when William hangs up his figures, that's what she am.

Elaborate Easter services were held in all the Churches yesterday. The altar decorations were beautiful, especially those of the Episcopal and Catholic Churches. The song service was of a more than usual pleasing feature, and the discourses of high order and entertaining character.

Frank Hill, the young son of William Hill of Walnut street, Dayton, hiked to Maysville last Tuesday without the knowledge or consent of his parents. His sudden disappearance greatly distressed his parents, who reported his absence to the police, and the bluecoats of three cities were on the hunt of the missing lad. A message from an aunt in this city, Saturday, informing the father of the runaway's presence here relieved the pent up tension of the distracted parents.

ABERDEEN'S FLOUR HIGHLY INDORSED.

The Ohio Valley Mill Co., Aberdeen, O.—Gentlemen: We have shown your sample of Flour to the Chamber of Commerce Inspector, who pronounces it first-class winter patent. He says he has not seen a finer sample of Flour for many days. We have sent a sample of it to an Exporter, describing it according to the Inspector's examination, asking for best bid subject to your confirmation. It seems to us that such a Flour ought to make a reputation. Yours truly,

WIRELESS telegraph experts of the Navy Department are elated over their recent success in transmitting a wireless message from Pensacola, Fla., to Point Loma, Cal., a distance of over 3,000 miles.

A NEWS item says the Egyptians had blast furnaces 2,000 years before Christ. That's nothing. A man by the name of "Old Nick," has been running a blast furnace for more than 2,000 years before the Egyptians started up their first iron works.

FORMER Senator BURTON of Kansas, who has just finished serving a Jail sentence for grafting against the Government, blames President ROOSEVELT for his incarceration. He was convicted of the charge of accepting money from persons to use his influence to further the interests of a get-rich-quick concern. BURTON was given a fair trial, in fact several fair trials, and his case was carried to the Supreme Court. He lost out all around and now he is cussing ROOSEVELT. It is noticeable that there are two classes of people who abuse Mr. ROOSEVELT—those who ought to be in Jail and those who have just got out of Jail.

AN order has gone out that no more cigarette users will be employed by the Southern Railway, and that from the President down to the office boy all must either give them up or leave the system. The rule will be as strictly enforced, it is said, as that relative to drinking and entering saloons.

THE public was led to understand that the type of Isthmian Canal had been decided upon and that it was to be a lock canal. Now the news is that Secretary TAFT and a party of engineers are en route to the Isthmus to make an inspection which will finally determine whether the canal shall be of the lock or sea-level type. The Panama Canal is growing to be a bigger job every day. But BILL TAFT is a big man, and all plucky Americans love to tackle big jobs.

THAT the railroad interests of the country are working for Government control because they believe it easier to manipulate Congress than the State Legislatures, was the statement by WILLIAM JENNINGS BRYAN, and THE LEDGER, at least in this instance, is strictly in accord with the belief of Mr. BRYAN. It is easier to buy the Congress than it is to buy the Legislatures and Governors of 45 sovereign states. There will be no curtailment in state's rights. That would be as bad as Government ownership.

BEGINNING with last March payday the C. and O. Railway advanced the wages of their section hands from \$1.40 to \$1.50 per day. During the last 10 years the C. and O. has advanced the wages of the section men from \$1.10 per day to \$1.50. This is nearly 50%. When it is considered that the road employs 1,000 section hands one may guess that during the past 10 years the total increase amounts to an enormous sum. But who will say that these men behind the pick and shovel do not earn their dollar and a half for working ten hours a day?

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

Happiness By the Carload!

We have lately effected a deal that means a saving of thousands of dollars to this community. We are buying pianos by the carload from a grand old factory in the East whose output is amongst the largest in the world. This arrangement places us out of the class of "piano dealers" and places us into the class of piano jobber. You may not realize just what this means, but if you will call and examine the values we now offer you will appreciate our efforts when you see the great saving.

\$300 PIANO for \$200!

Pianos are no longer a luxury; they are now a necessity; and when we offer you a fine \$300 instrument for \$200 they are within your reach.

ONLY TIME WILL TELL!

What effect upon the morals and intelligence of the community this latest move of ours will have. No one is now too poor to give the child a chance to rise above its surroundings, for if you don't feel able to buy one of the fine pianos above described we have a plainer case at a less price. Look!

\$250 PIANO for \$150!

These pianos are all new uprights of worth and value well-known. Their makers have proven the worth of every instrument we sell by many years of conscientious, efficient service.

THEIR NAMES ARE FAMILIAR!

We do not advertise the names of these pianos, because it would cause much embarrassment to piano dealers of adjacent territory that sell these same pianos at much more money. It would also embarrass us, for we had to sell these same pianos ourselves for much more money when we were piano dealers.

BOUND WITH HOOPS OF STEEL!

Were many of us to our surroundings. Don't tie your child down to the conditions and environments that bound your early life. Give the child a chance to develop and rise superior to external conditions. If you haven't the cash you can pay us \$1.50 per week. Get a piano.

Things I Have For Sale

A splendid farm of 216 acres, well improved, located on good turnpike a short distance from Augusta in Bracken county.

Also, another well improved farm of 163 acres, located in Bracken county, on good turnpike, about 2 miles from Germantown. These are among the best, if not the best, and most desirable farms in Bracken county. They will not be long on the market, and if you are interested you should manifest your interest at once.

I also have for sale a good business proposition in the city of Maysville, involving a capital of about \$2,500. If you wish to embark in a business that is conducted upon a cash basis with a good margin of profit on all sales and well established you should not overlook this opportunity.

The owners of farms who wish to sell are now beginning to list their property for sale, agreeing to give possession this fall or next spring, as purchaser may desire. Do you wish to sell anything? If so, now is the time to let it be known, and my agency is the best medium through which to make buyers acquainted with the fact.

I have two very desirable homes on Third street, between Market and Plum streets, in my hands for sale. Also, a good Fourth street house; and, in fact, houses and lots distributed over the entire city.

It will afford me pleasure to have you call and make inquiry about anything that may interest you.

COURT'S DECISION

Ruling of Appellate Body in Fleming County Suit

The Court of Appeals recently reversed the suit of the Commonwealth for use of the City of Flemingsburg, vs. Millard Merz, Judge Settle handing down the following opinion—

Peddling—Violating City Ordinance—Penalty—Constitutionality. An ordinance of a city of the fifth class imposing a fine of not less than \$1 nor more than \$100 on peddlers for selling their goods in said city, without first obtaining a license from the city so to do, being for the purpose of raising revenue for the city, and not as a penalty for crime, is not invalid on the ground that it is in conflict with Section 168 of the Constitution, providing that "no municipal ordinance shall fix a penalty for a violation thereof at less than that imposed by statute for the same offense."

Messrs. Sallee & Slattery and O. R. Bright were the Attorneys for appellant.

Mr. George Lloyd, one of the good engineers of the C. and O., a Maysville man who has made good and whose wife was so well known in Maysville as the handsome Miss Cleveland, has been tendered the position of Air Break Demonstrator by the C. and O. Company, the position pays well and is one requiring good judgement and ability.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 35th St., New York says in this letter: "Dear Mrs. Pinkham:—I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women suffering from any form of female weakness or ailment to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

PUBLIC NOTICE

To the People of Maysville

All persons in Maysville must hold themselves responsible for any weakness or suffering caused from old age, chronic coughs or colds, bronchitis, weak lungs, run-down conditions, stomach troubles, nervousness or poor blood when we are going to sell them the real cod liver preparation, Vinol, and return their money if it does them no benefit.

The reason Vinol is so successful in restoring strength and creating strength is because it contains in addition to tonic iron all the medicinal elements of cod liver oil actually taken from the livers but without oil or grease to irritate the stomach and retard its work.

Unlike old-fashioned cod liver oil and emulsions, it is deliciously palatable, agreeable to the weakest stomach, therefore, unequalled as a strength creator, and tonic reconstructor.

Our local druggist, John C. Pecor, says: "It is because we know so well of what Vinol is made that we ask every run-down, nervous, debilitated, aged or weak person in Maysville, and every person suffering from stubborn colds, lingering-on coughs, bronchitis or ineffectual consumption to try Vinol on our guarantee."

JOHN C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

P. O. S. of A. has changed its meeting from Wednesday to Monday night. There are several initiations tonight and a full attendance is desired.

Major M. C. Hutchins, by a special Act of Congress, has secured a pension for Thomas M. Hutchins, of this city, at the rate of \$24 per month. It came in the nature of an Easter offering, having arrived here in Saturday's mail.

Hon. A. T. Siler, of Williamsburg, Railroad Commissioner in this District, representing 48 counties, was in Maysville Saturday on business. He was in a cordial state of mind when he called upon THE LEDGER, as the withdrawal of Hon. H. B. Bryson and Dr. W. C. Black gives him a clear track for re-nomination at the Mt. Sterling Convention. The salary, too, will be \$3,000 per annum next year instead of \$2,000, the present salary—"and that helps some."

JOE BLACKBURN

To Be at The Head of Affairs on Canal Zone

Former Senator Blackburn, of Kentucky, will be selected as Chief of Administration of the Canal Zone, his place being analogous to that of Governor Magoon, before the latter's transfer to Cuba.

It is understood that Commissioner Blackburn's detail will bring to him an increased salary, which may amount to as much as \$14,000 per annum.

Mr. Blackburn will assume charge as Commissioner Monday April 1st today.

SUIT SETTLED

White Woman Forced to Ride in Coach For Negroes.

At Lexington, the case of Lonella Thurman against the Southern Railway in Kentucky was dismissed in the Fayette Circuit Court by agreement, having been settled out of court. The suit was for \$10,000 damages, and it is understood that the plaintiff received about \$3,500 in the settlement.

On March 24, 1900, Lonella Thurman, a white woman, was a passenger on a Southern train, and was sitting in a white compartment. The brakeman on the train ordered her to move into the coach ahead.

Doing so she found that coach occupied by Negroes and returned, but the door was blocked by the brakeman, and she was told that the colored coach was where she belonged. She alleged that abusive language was used and she was grossly humiliated, and fixed her damages at \$10,000.

The case was tried at Lexington, and a verdict for the plaintiff in the sum of \$4,000 was returned by the jury. On appeal the case was reversed and sent back to the Fayette Circuit Court.

The aggregate of fines paid into the Circuit Court last week amounted to \$1,725. Of that amount the Commonwealth's Attorney received \$862.50, the County Attorney something like \$432.25 and the balance divided between County and state.

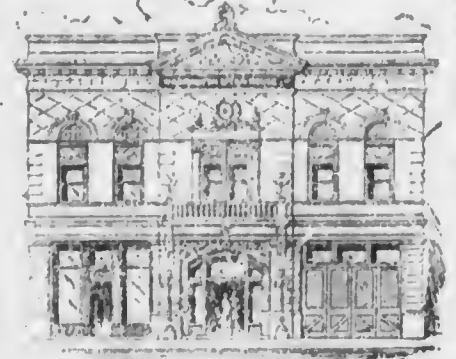

VALUABLE ADDENDA

To the Course of Study Adopted For the Maysville Public Schools

From the "Course of Study Maysville Public Schools," just from the press of The Ledger Printer, we publish below the Addenda to the little volume with the belief that the information therein may be of value and interest to all concerned or connected with public school affairs:

1. All Teachers are expected to give careful instruction in morals and manners, and to familiarize themselves with a work on pedagogy, giving special attention to that subject. White's New School Management is recommended as fulfilling all necessary requirements.
2. The Final Examination will be based upon the subjects taught orally, as well as those studied in the text. No other work furnishes a better test of teaching ability, or requires more careful preparation, than does the lesson in oral instruction. No Teacher can lead his pupils to get more out of a subject than he, himself, sees in that subject. Ten or fifteen minutes each day should be set apart for this work. In addition, a "Plan Book," in which the work is outlined, should be kept for inspection.
3. In all language work the Teacher must remember that correct thinking must precede correct expression. Make the thought the chief thing, and the act of expression a kind of incidental necessity.
4. Test eyes of pupils by placing objects at different distances before them; test ears by placing watch at different distances. If any are found with defective eyes or ears, seat them where they can hear and see to the best advantage.

District Chairman W. J. Reed of Carlisle, has called a meeting of the Democrats of Nicholas and Robertson counties on April 6th, for the purpose of nominating a Democratic candidate for Representative. There are two candidates, Dr. Frank Reynolds and G. B. Templeton, both of Nicholas county. It seems probable that a primary will be asked for.

In all 500,000 bushels of coal have left Pittsburgh within the past week.

The tributaries are falling slowly and the Ohio is still shrinking at a slow rate.

The work of raising the steamer Cruiser, which sank at Sewickley during the flood, is well under way.

The James Moren, with twenty-two boats, and the Helen White are late boats to leave Pittsburgh with coal.

Lots of towboats and empties in the Pittsburgh harbor, but the mines haven't any coal ready for shipment.

Way business on the packets is very good, undoubtedly brought about by the recent high water, since river traffic was impossible and freight crowded up at all points.

Captain Harry Burgess, head of the corps of United States engineers, says work on the movable dam, to be at the head of the Louisville falls, will be started August 1st, if the stage of the river permits. The completion of the dam will insure a nine-foot stage of water practically between Louisville and Cincinnati throughout the year, it is said. The dam will cost close to \$380,000.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

POISONED

From Eating Greens For Sunday Dinner—One Seriously Ill

A family by the name of Ellis residing in Short street gathered a lot of wild greens and ate them for Sunday dinner. A few hours afterward three of the children were taken very ill with unmistakable symptoms of poisoning.

City Missionary Reed went to the Ellis home and hastily called Dr. Yazell, who administered an emetic and two of the children were relieved and went to work this morning, but the other child remains in a dangerous condition.

A singular feature of their illness is that the finger nails of all who were effected turned perfectly black like they had been mashed by a hammer.

Beware of what you cook as "greens."

TAFT VS. FORAKER

In Ohio—Fight on For Control of Presidential Choice

Charles P. Taft, brother of the Secretary of War, who is managing the latter's campaign to secure the endorsement for the Presidency in Ohio, is sued a challenge which will eliminate either Secretary Taft or Senator Foraker from Ohio politics for all time to come.

Charles P. Taft announced that William H. Taft is willing to enter the contest with Foraker for both the Senatorial and Presidential endorsement in Ohio, the heat men to win.

Charles P. Taft in his signed statement said: "This is a direct contest between the friends of the Administration of President Roosevelt and his opponents. We are willing to submit it to the voters of Ohio, and the sooner the better."
